Thorns

Here at Euroglass Australia we are constantly searching for ways our glass can be reinterpreted to make spaces more inspirational, beautiful, and simply better to live in. We understand that design and architecture is an incredibly exciting and evolving space. With this in mind, we have created our new interior and decorative range of glass. This range includes a vast array of patterns, textures and transparencies– giving you all the necessary elements to make your space a sense of luxury.

Did you know, that you can use different types of chemical etch glass on different application with different types of etching levels such as;

- ✓ **Partitions**
 - ✓ **Furniture's**
 - ✓ **Decorations & Claddings**
 - ✓ **Shower Screens**
 - ✓ **Splashbacks**
 - ✓ **Balustrades Marker Boards**
 - ✓ **Digital Signage Applications**
 - ✓ **And so on and so on..... FINGER PRINT FREE**
-
- **Have consistent finish and appearance**
 - **It will not degrade nor wear, does not pickle or discolour, and will not change over time**
 - **Soft and silk to the touch.**
 - **Any process such as cutting, polishing, or bevelling, it allows easy bending, lamination and toughening**
 - **The ease of cleaning and resistance to marks and stains.**
 - **It is resistant to common cleaners because it is not an additive, or a bonded layer.**
 - **Does not peel or discolour like films**
 - **Does not scratch off like coatings**

Give our team at Euroglass a call & request a sales representative to organise samples or come into our showroom in Hemmant
